LITTLE PROGRESS MADE.
Chicago Police Busy With the Bartholin-Mitchell Murder Mystery.
Chicago, Aug. 16.—Little progress was made by the police during the day in solving the mysteries of the Bartholin case. Inspector Hunt was convinced that he would obtain important information from John Claffy, who was positively identified by Mrs. Tallard as one of the men she saw with the laundry wagon on the morning following the night of the disappearance of Miss Minnie Mitchell. Claffy has been accustomed to a supply of liquor, and the inspector was of the opinion that he would weaken after he had been deprived of his allowance for a few days. Late in the afternoon he concluded that Claffy should be about ready to tell what he knew and had him called into the office. The result was a failure. Claffy not only refused to admit that he was one of the men seen by Mrs. Tallard, but declared with great positiveness that he was not there at all.
Oscar Thompson has been subjected to such severe "sweating" by the police that he is said to be at the verge of a collapse, and his friends who have heretofore remained in the background came to the front in an effort to afford him protection. They have employed a lawyer and an attempt will be made to secure Thompson's release by habeas corpus proceedings. When the attorney saw Thompson in his cell the prisoner's nerves were so badly shaken that he appeared unable to comprehend what was being done in his behalf.

CHARGE AGAINST IOWA WOMAN.
Paramour Declares She Murdered Her Husband.
Des Moines, Aug. 16.—A special from Iowa City states that Charles Holada has made a confession in

which he states that James Gallagher was murdered by Mrs. Gallagher with his complicity and that the crime was committed because he and Mrs. Gallagher were in love.
Gallagher was a wealthy stockman. Four months ago he was murdered at midnight while sleeping by the side of his wife and child, the assassin sending a bullet from a target rifle through his head. Tracks led across a cornfield to Holada's house and he was arrested. Holada had sought employment of Gallagher under an assumed name and claims to have won Mrs. Gallagher's heart while her husband was away on business trips. Gallagher trusted both implicitly and gave Holada a farm on easy terms and donated farming implements and stock.
Holada declares they planned to poison Gallagher and that, while he was present at the house the night of the murder, he left hours before it occurred and had no hand in the shooting.
ACCUSED OF A BRUTAL CRIME.
Negro Arrested for Assaulting a White Woman Near Lodi, Wis.
Lodi, Wis., Aug. 16.—William Carter, the negro who is alleged to have assaulted Anna Zimmerman, a woman about forty years of age, in a brutal manner near this place, was arrested at the house of a farmer named Arthur Boyce.
No attempt was made to mob the prisoner and he was taken to Madison on the early morning train by Sheriff Burmeister.
Boyce's farm is about three miles north of the scene of the alleged crime and two miles from this town. Carter called at Boyce's house and asked to remain over night. Boyce, knowing that he was wanted by the sheriff, consented, and immediately notified the deputies, who shortly afterward arrested him. He made no resistance

Agent of the Anthracite Operators in Washington Quietly Tells Dealers to Prepare for Shipments of Coal Next Month—Understanding Is That Owners and Miners Will Yield on Some Differences.
Pittsburg, Aug. 16.—Indications point to the settlement of the anthracite coal strike on or before Sept. 1.
Major John Biddle, engineer commissioner, District of Columbia, is authority for this statement. In passing through here en route to Detroit, Major Biddle said an agent of the anthracite operators in Washington quietly told dealers there to prepare for shipments of anthracite coal after Sept. 1, adding that the mines will be in operation. The understanding is that the operators will make concessions and the miners also will make a sacrifice.

TROUBLE AT SHENANDOAH.
Mob Chases an Alleged Unfair Workman to the Depot.
Shenandoah, Pa., Aug. 16.—There was an outbreak at night right under the nose of the troops in camp and for a time it looked as though serious trouble would occur. The disorder was the result of a mob chasing an alleged unfair workman near the Philadelphia and Reading Coal and Iron company's washery in the southeastern part of the town. There were fifty or sixty men in the mob. As they chased the man up the railroad throwing stones at him the night watchman of the washery, named Anthony Flinn, tried to rescue the man. The watchman was promptly thrown into the creek running parallel with the railroad by some of those leading in the chase. The crowd kept after the workman and he ran to the Reading railroad station, where a company of infantry was on provost duty. The company was immediately called into formation and attempted to hold the crowd back. The captain of the company exercised great patience with the crowd and prevented any serious trouble. The mob caused a large crowd to gather from all directions and word was immediately sent to camp for reinforcements. In nine minutes the entire Twelfth regiment and a battalion of the Eighth were on the scene. The crowd quickly scattered and three men, John Howe, Frederick Zimmerman and Matthew Bronz, who are alleged to have been participants in the assault on the watchman and the workman, were arrested and taken to the town lockup. The troops were kept in the streets until a late hour. The affair caused intense excitement in the town but all is now quiet.

TWO BOYS DROWNED.
Young Sons of Nic Henry of Cass Lake, Minn.
Cass Lake, Minn., Aug. 16.—The most distressing accident in the history of Cass Lake occurred Wednesday afternoon, when George and Henry Henry, young sons of Nic Henry, were drowned in Pike bay. The double drowning was not discovered until 6 o'clock in the evening.
James Allen was crossing on some boom sticks when he discovered a straw hat laying on top of the water. A short distance from the hat he discovered the body of a boy, on his hands and knees, at the bottom. Allen telephoned for a doctor, secured help and went to the place where he made the discovery. While reaching for the body, another child was discovered, lying but a few feet distant, in exactly the same position.
Mr. Henry was fishing with the boys in the forenoon. In the afternoon the little fellows went out by themselves to catch some minnows for bait. They were not again seen by their parents till their dead bodies were brought home.

SEVERELY CRITICISE PALMA.
Several Havana Newspapers Accuse Him of Incompetency.
Havana, Aug. 16.—During the last few days several Havana newspapers have been making violent onslaughts upon the chief executive of the republic, accusing him of incompetency, ignorance and weakness in not having as yet done anything useful for the country. The Lucha claims that President Palma's promises to treat the various elements in Cuba alike have not been kept and declares that what the executive wants is to govern without law and to ignore the constitution. The paper says that in spite of the repeated requests of congress, President Palma has not yet presented the budget.

Bottineau, N. D., Aug. 15.—William Ross was sentenced to death for the killing of Thomas Walsh, in Willow City, this county, July 5. The day for the execution will be fixed in the course of a few days.

ST. PAUL GETS IT.
Next Reunion of the Society of the Army of the Philippines.
Council Bluffs, Ia., Aug. 16.—The Society of the Army of the Philippines adjourned after electing the following officers: President, General Irving Hale, Denver; first vice president, Lieutenant Donald MacRae, Council Bluffs, Ia.; second vice president, Brevet Brigadier General Alfred S. Frost, Evanston, Ill.; third vice president, Brigadier General Charles King, Milwaukee; fourth vice president, Colonel J. W. Pope, Colorado; fifth vice president, Brevet Brigadier General Wilder S. Metcalf, Lawrence, Kan.; sixth vice president, Captain H. A. Crow, Connelville, Pa.; secretary, F. M. Schutte, St. Paul; treasurer, C. B. Lewis, Colorado; chaplain, Rev. Charles Mailley, Nebraska.
The earlier part of the morning session was devoted to the question of location of next year's reunion. Among the cities suggested besides St. Paul were Pittsburg, Milwaukee, Portland and Sioux Falls for 1903. St. Paul, however, had the lead and a several delegates expressed the conviction that for the next few years the reunion should be held in states from which the regiments came which formed the original Eighth army corps.
St. Paul was chosen as the place for next year's meeting and the executive committee was given authority to change the date for the reunion for next year if deemed advisable for the first Tuesday, Wednesday and Thursday in November.
After passing a resolution of thanks to the local committees, municipal officers and citizens, the convention adjourned sine die.

General Chaffee Ordered to Send Complete List of Casualties.
Oyster Bay, Aug. 16.—The president gave orders that hereafter the names of the enlisted men of the army who die in the Philippines be cabled to this country once in every two weeks. When the volunteer army was in the archipelago it was the custom to cable casualties, but on the withdrawal of that army the practice was discontinued.
The subject was discussed while the president was entertaining a number of visitors at lunch. Among those who sat at his table were Major Generals H. C. Corbin and S. B. M. Young, Henry Loomis Nelson, the author; Jacob A. Riis, Robert A. Morris, chairman of the New York County Republican committee; former Governor D. R. Francis of Missouri; Dr. Henry M. Warren of Philadelphia, son of Bishop Warren, and Congressman Mercer of Nebraska. The subject of cabling the names of the dead soldiers was broached by Mr. Riis. He made the point that under the present system the relatives of enlisted men who die in the Philippines are kept in ignorance of this fact for eight or ten weeks, while the families of officers who succumb are informed at once. The president was greatly interested in the matter, and as soon as it was explained to him, ordered General Corbin to instruct General Chaffee, at Manila, to cable his full casualty list twice a month.

WARNING TO OFFICIALS.
Chinese Viceroy Must Not "Fill Their Own Pockets."
Washington, Aug. 16.—Minister Conger, at Peking, has transmitted to the state department the imperial decree concerning the raising of funds in the several provinces for the payment of indemnity exacted by the powers as a result of the Boxer uprising. The decree directs that there shall be no extortion and that the people must not be irritated. The viceroy is commanded to do away with what will cause friction and needless severity. The decree declares that if any are "found out in their old tricks" and "filling their own pockets," they will be severely dealt with.
Minister Conger also sends a proclamation of the viceroy of Chili, in which the people are warned against carrying arms. Reference is made to the Boxer troubles and the viceroy

says old scores must not be raked up. "The people and the Christians must not retaliate against each other," concludes the proclamation, but forever be at peace with each other. Tremble and obey."

WOULD SETTLE IN AMERICA.
Members of Religious Orders Expelled From France.
Rome, Aug. 16.—Members of the religious orders expelled from France, especially sisters, are applying to the Vatican authorities for permission to settle in the United States. Several of them have come to Rome personally for the purpose of urging their requests. A reply has been sent to them pointing out that there are no vacancies in the United States and besides calling attention to the difficulty arising from the fact that the expelled sisters do not speak the English language. Canada has been suggested as a better field as sisters are comparatively scarce there and because French is spoken in a large area of the Dominion. The applicants, however, do not take kindly to the suggestion and persist in their requests to go to the United States.

Morris Not a Candidate.
Duluth, Aug. 16.—Page Morris will not be a candidate for the Republican congressional nomination. He was greatly surprised and annoyed to learn that during his absence from the city a general report had been spread to the effect that he would again seek congressional honors.

San Francisco, Aug. 16.—Two new members of the board of control of the endowment rank were elected during the day by the supreme lodge of the Knights of Pythias, Frank Haskins of Wisconsin and Dr. John T. Satchen were chosen.

Ottumwa, Ia., Aug. 16.—Hon. Charles A. Walsh, secretary of the National Democratic committee, is out in a letter advocating the reaffirmation of the Kansas City platform at the approaching Iowa Democratic convention.

WHITES AND NEGROES FIGHT.
One Killed and Several Wounded in the Encounter.
Houston, Tex., Aug. 16.—Eleven white men are in jail here as a result of a battle between whites and negroes at the Southern Pacific crosstake works, seven miles from the city. The casualties are: Nelson Randall, colored, killed; Bill Anderson, colored, dangerously wounded; William Hamilton, white, perhaps fatally wounded; unknown negro, shot in leg.
The negroes were employed at the crosstake works and the white men were engaged in erecting oil tanks for the Southern Pacific. The whites slept in a boarding car close by and were annoyed by the negroes singing. They were asked on several occasions to stop but refused to do so. Nelson Randall marched up to the works with a rifle in his hands and the white men attempted to take it away from him. The battle followed.

Well Known Spiritualist Dead.
Middletown, N. Y., Aug. 16.—Luther R. Marsh, eighty-nine years old, widely noted as a spiritualist, died at his home at this place after an illness of several weeks. Mr. Marsh delivered many lectures and public addresses. In 1885 Mr. Marsh became acquainted with Mrs. Ann Odell, a Diss Debar through her alleged spirit pictures, and her influence over him became so great that he was induced to make over his property in New York to her for a nominal consideration, notwithstanding the exposure of her methods.

not take kindly to the suggestion and
persist in their requests to go to the

Morris Not a Candidate.

Duluth, Aug. 16.—Page Morris will
not be a candidate for the Republican
congressional nomination. He was
greatly surprised and annoyed to learn
that during his absence from the city
a general report had been spread to the
effect that he would again seek
congressional honors.

New Members of Endowment Rank.

San Francisco, Aug. 16.—Two new
members of the board of control of
the endowment rank were elected dur-
ing the day by the supreme lodge
of the Knights of Pythias, Frank
Haskins of Wisconsin and Dr. John T.
Sutchen were chosen.

Favor Kansas City Platform.

Ottumwa, Ia., Aug. 16.—Hon.
Charles A. Walsh, secretary of the
National Democratic committee, is out
in a letter advocating the reaffirma-
tion of the Kansas City platform at
the approaching Iowa Democratic con-
vention.

WHITES AND NEGROES FIGHT.

One Killed and Several Wounded in
the Encounter.

Houston, Tex., Aug. 16.—Eleven
white men are in jail here as a re-
sult of a battle between whites and
negroes at the Southern Pacific creosote
works, seven miles from the city.
The casualties are: Nelson Randall,
colored, killed; Bill Anderson, colored,
dangerously wounded; William Hamil-
ton, white, perhaps fatally wounded;
unknown negro, shot in leg.

The negroes were employed at the
creosote works and the white men
were engaged in erecting oil tanks for
the Southern Pacific. The whites
slept in a boarding car close by and
were annoyed by the negroes singing
They were asked on several occa-
sions to stop but refused to do so.
Nelson Randall marched up to the
works with a rifle in his hands and
the white men attempted to take it
away from him. The battle followed.

Well Known Spiritualist Dead.

Middletown, N. Y., Aug. 16.—Luther
R. Marsh, eighty-nine years old, widely
noted as a spiritualist, died at his
home at this place after an illness of
several weeks. Mr. Marsh delivered
many lectures and public addresses.
In 1885 Mr. Marsh became acquainted
with Mrs. Ann Odella Diss Debar
through her alleged spirit pictures,
and her influence over him became so
great that he was induced to make
over his property in New York to her
for a nominal consideration, notwith-
standing the exposure of her methods.

LITTLE PROGRESS MADE.

Chicago Police Busy With the Bar-
tholin-Mitchell Murder Mystery.

Chicago, Aug. 16.—Little progress
was made by the police during the day
in solving the mysteries of the Bar-
tholin case. Inspector Hunt was con-
vinced that he would obtain important
information from John Claffy, who
was positively identified by Mrs. Tal-
lerday as one of the men she saw
with the laundry wagon on the morn-
ing following the night of the disap-
pearance of Miss Minnie Mitchell.
Claffy has been accustomed to a sup-
ply of liquor, and the inspector was
of the opinion that he would weaken
after he had been deprived of his
allowance for a few days. Late in the
afternoon he concluded that Claffy
should be about ready to tell what he
knew and had him called into the of-
fice. The result was a failure. Claffy
not only refused to admit that he was
one of the men seen by Mrs. Talle-
rday, but declared with great positive-
ness that he was not there at all.

Oscar Thompson has been subjected
to such severe "sweating" by the po-
lice that he is said to be at the
verge of a collapse, and his friends
who have heretofore remained in the
background came to the front in an
effort to afford him protection. They
have employed a lawyer and an at-
tempt will be made to secure Thomp-
son's release by habeas corpus pro-
ceedings. When the attorney saw
Thompson in his cell the prisoner's
nerves were so badly shaken that he
appeared unable to comprehend what
was being done in his behalf.

CHARGE AGAINST IOWA WOMAN.

Paramour Declares She Murdered Her
Husband.

Des Moines, Aug. 16.—A special
from Iowa City states that Charles
Holada has made a confession in

which he states that James Gaullagher
was murdered by Mrs. Gaullagher with
his complicity and that the crime was
committed because he and Mrs. Gault-
lagher were in love.

Gaullagher was a wealthy stockman.
Four months ago he was murdered at
midnight while sleeping by the side of
his wife and child, the assassin send-
ing a bullet from a target rifle through
his head. Tracks led across a corn-
field to Holada's house and he was ar-
rested. Holada had sought employ-
ment of Gaullagher under an assumed
name and claims to have won Mrs.
Gaullagher's heart while her husband
was away on business trips. Gault-
lagher trusted both implicitly and
gave Holada a farm on easy terms and
donated farming implements and stock.

Holada declares they planned to
poison Gaullagher and that, while he
was present at the house the night of
the murder, he left hours before it oc-
curred and had no hand in the shoot-
ing.

ACCUSED OF A BRUTAL CRIME.

Negro Arrested for Assaulting a White
Woman Near Lodi, Wis.

Lodi, Wis., Aug. 16.—William Car-
ter, the negro who is alleged to have
assaulted Anna Zimmerman, a woman
about forty years of age, in a brutal
manner near this place, was arrested
at the house of a farmer named
Arthur Boyce.

No attempt was made to mob the
prisoner and he was taken to Madison
on the early morning train by Sheriff
Burnmeister.

Boyce's farm is about three miles
north of the scene of the alleged crime
and two miles from this town. Carter
called at Boyce's house and asked to
remain over night. Boyce, knowing
that he was wanted by the sheriff,
consented, and immediately notified
the deputies, who shortly afterward
arrested him. He made no resistance.

THINK ASSAILANT IS CAPTURED.

Colored Man Who Shot Fred Stevens, Who lies in a Dangerous Condition at Sanitarium May be in Toils.

From the following from the Minneapolis Times it would seem that Minneapolis officials believe that they have the man who is supposed to have done the shooting at Bismarck sometime ago, when Fred Stevens, the passenger brakeman, was shot in the leg and has been since brought to the sanitarium in this city:

"Henry Walker, colored, is a prisoner at the central station, held on Northern Pacific railroad police on the probable charge of murder. Detectives who arrested Walker claim he tallies closely, except for weight, with the description of a man who shot and perhaps fatally wounded Brakeman Stevens of the east-bound Northern Pacific coast train about 11 o'clock Wednesday night, four miles outside of Bismarck.

Acting Chief Getchell received advice from the railroad officials that a colored man answering the description of the murderer of the brakeman was seen lying on the brake beams of one of their trains as it pulled by a little way station.

He hurried the detectives to North Minneapolis, and the arrest of Walker followed, but not without an exciting chase, in which Detective Vaughn, with revolver drawn, pursued the fugitive for more than a block. As Walker ran he made several attempts to get something out of his pocket, and the detective, believing Walker was feeling for his revolver, came near shooting at the fleeing stranger. From the information furnished the police by the railroad officials, it is learned the colored man who shot Stevens was

stealing a ride on the eastbound coast train, due in Minneapolis at 4:35 yesterday afternoon.

"The brakeman put the man off at one station, and at the next station tried to put him off the train again, when, without warning, the fellow pulled a large calibre revolver from his pocket and shot Stevens through the right hand and in the abdomen. Special railroad officers are now securing the country adjacent to the line of the company, looking for the murderer. Detective McFetridge of the Northern Pacific secret service will arrive in Minneapolis to take Walker in custody, providing he is satisfied he did the shooting."

OUTSIDE AID SUMMONED.

Hamilton (O.) Visited by a Most Destructive Fire.

Hamilton, O., Aug. 16.—A most destructive fire began about midnight and was not under control until 4 a. m. The large dry goods store of T. V. Howell & Son, where the fire originated, is a complete wreck. The Second National bank building, adjoining the Howell block on the west, was damaged considerably by fire and water, but the bank itself escaped with slight damage. While the fire was in progress another fire broke out in Walnut street in a small grocery store and Cincinnati was called upon for help. Two engines were sent in response, but by the time they arrived the fire was under control and they were not taken from the train. The Walnut street fire was easily extinguished. Hick's stationary store, in the basement of the Howell block, was completely destroyed. The large carpet store of Creighton & Hooven, adjoining Howell's, was saved from serious damage though at one time in great danger. The losses are estimated at a quarter of a million.

South Dakota Boys Drowned.

Rapid City, S. D., Aug. 16.—Ralph and Walter McCain, sons of a ranchman living near Rapid Valley, were drowned while bathing in Rapid creek. They got into deep water and being unable to swim, both were drowned before they could be rescued by their companions.

Mollifying.

"I am afraid, Bobby," said his mother, "that when I tell your father what a naughty boy you've been he will punish you severely."

"Have you got to tell him?" asked Bobby earnestly.

"Oh, yes; I shall tell him immediately after dinner."

The look of concern on Bobby's face deepened.

"Well, mother," said he, "give him a better dinner than usual. You might do that much for me."—Pittsburg Dispatch.

A Short Cut to Sleep.

"Doctor," said he, "I'm a victim of insomnia. I can't sleep if there's the least noise, such as a cat on the garden wall, for instance."

"This powder will be effective," replied the physician, after compounding a prescription.

"When do I take it, doctor?"

"You don't take it. Give it to the cat in a little milk."—Family Doctor.

Putting Him Off.

He proposed on his way home from church one Sunday evening. She was too young to marry and did not want him, but she said "Yes," with the stipulation that he should get her father's consent. The young man was happy until he discovered the next day that his adored one's father had been dead several years.

"Henry Walker, colored, is a prisoner at the central station, held for Northern Pacific railroad police on the probable charge of murder. Detectives who arrested Walker claim he tallies closely, except for weight, with the description of a man who shot and perhaps fatally wounded Brakeman Stevens of the east-bound Northern Pacific coast train about 11 o'clock Wednesday night, four miles outside of Bismarck.

Acting Chief Getchell received advices from the railroad officials that a colored man answering the description of the murderer of the brakeman was seen lying on the brake beams of one of their trains as it pulled by a little way station.
He hurried the detectives to North Minneapolis, and the arrest of Walker followed, but not without an exciting chase, in which Detective Vaughn, with revolver drawn, pursued the fugitive for more than a block. As Walker ran he made several attempts to get something out of his pocket, and the detective, believing Walker was feeling for his revolver, came near shooting at the fleeing stranger. From the information furnished the police by the railroad officials, it is learned the colored man who shot Stevens was

stealing a ride on the eastbound coast train, due in Minneapolis at 4:35 yesterday afternoon.
"The brakeman put the man off at one station, and at the next station tried to put him off the train again, when, without warning, the fellow pulled a large calibre revolver from his pocket and shot Stevens through the right hand and in the abdomen. Special railroad officers are now securing the country adjacent to the line of the company, looking for the murderer. Detective McFetridge of the Northern Pacific secret service will arrive in Minneapolis to take Walker in custody, providing he is satisfied he did the shooting."

OUTSIDE AID SUMMONED.
Hamilton (O.) Visited by a Most Destructive Fire.
Hamilton, O., Aug. 16.—A most destructive fire began about midnight and was not under control until 4 a. m. The large dry goods store of T. V. Howell & Son, where the fire originated, is a complete wreck. The Second National bank building, adjoining the Howell block on the west, was damaged considerably by fire and water, but the bank itself escaped with slight damage. While the fire was in progress another fire broke out in Walnut street in a small grocery store and Cincinnati was called upon for help. Two engines were sent in response, but by the time they arrived the fire was under control and they were not taken from the train. The Walnut street fire was easily extinguished. Hick's stationary store, in the basement of the Howell block, was completely destroyed. The large carpet store of Creighton & Hooven, adjoining Howell's, was saved from serious damage though at one time in great danger. The losses are estimated at a quarter of a million.

South Dakota Boys Drowned.
Rapid City, S. D., Aug. 16.—Ralph and Walter McCain, sons of a ranchman living near Rapid Valley, were drowned while bathing in Rapid creek. They got into deep water and, being unable to swim, both were drowned before they could be rescued by their companions.

Mollifying.
"I am afraid, Bobby," said his mother, "that when I tell your father what a naughty boy you've been he will punish you severely."
"Have you got to tell him?" asked Bobby earnestly.
"Oh, yes; I shall tell him immediately after dinner."
The look of concern on Bobby's face deepened.
"Well, mother," said he, "give him a better dinner than usual. You might do that much for me."—Pittsburg Dispatch.

A Short Cut to Sleep.
"Doctor," said he, "I'm a victim of insomnia. I can't sleep if there's the least noise, such as a cat on the garden wall, for instance."
"This powder will be effective," replied the physician, after compounding a prescription.
"When do I take it, doctor?"
"You don't take it. Give it to the cat in a little milk."—Family Doctor.

Putting Him Off.
He proposed on his way home from church one Sunday evening. She was too young to marry and did not want him, but she said "Yes," with the stipulation that he should get her father's consent. The young man was happy until he discovered the next day that his adored one's father had been dead several years.

LITTLE FALLS DRUBBED AGAIN

Game Yesterday at the Gold Dust City was Easy Money for Brainerd.

A STRONG GAME TOMORROW.

The Ashland Team will be Here for Two Games, One Tomorrow and One Monday.

Brainerd 3; Little Falls 1.

And Little Falls got away with the one score with the assistance of the umpire in the ninth inning at that. The Brainerd team returned from Little Falls this morning were they went to play a game with the Gold Dust team of that city last evening, and they claim they never got such a deal in their life. The grand stand seemed to be filled with a lot of hoodlums who insisted on roasting the Brainerd players before they started in even and the "balling out" the boys got was simply disgusting. At no time in the game did they stand a show to win from Brainerd, although it is claimed that Umpire Sylvester did the best he could in that direction.

Chas. Bemis pitched the game and was in his usual good form and would have shut them out but for the rank decisions of the umpire in the ninth inning, when Little Falls made their only score. But three hits were made off Bemis.

One of the biggest events in the base ball line will be tomorrow when the locals will try conclusions with the strong Ashland team. Ashland beat Waseca two games in the recent series and they will put up a good stiff exhibition. The game will be called at 3:30 o'clock. Revoyr will probably pitch for Ashland and either P. J. Boyle or Chas. Bemis will do the honors for Brainerd. The game on Monday afternoon will be called at 5:30 o'clock and it ought to be as fine an exhibition as tomorrow's game.

REV. GALLAGHER HIGHLY HONORED

Joint Reception Given by the Masons and K. P. Last Night Largely Attended

SOME EXCELLENT ADDRESSES.

The Reverend Gentleman Responded in an Appropriate Manner Two Addresses.

The joint reception given by the members of the Masonic and K. P. lodges in this city at Masonic temple last night in honor of Rev. G. W. Gallagher, of Lockport, N. Y., but formerly of this city, was a very pleasant affair, in fact one of the most pleasant ever given in this city. The large hall was crowded with friends of the former Brainerdite, and all were eager to grasp the hand of the man who was unusually popular here during his pastorate at the First Congregational church.

Col. C. D. Johnson, the versatile orator and writer, was master of ceremonies and as usual he made the part that he had to perform a conspicuous one.

Mayor Halsted was the first called upon and he gave a brief address which was to the point and appropriate for the occasion. Ex-Mayor Koop was also present and he then added some good words to those spoken by Mayor Halsted, complimenting the reverend gentleman in many ways and expressing an appreciation of being able to greet him once again. Prof. Fred Merritt, at one time a resident of Brainerd, but now a member of the faculty of Yale college, was present and gave a few brief remarks.

Rev. Mr. Gallagher was then introduced and he delighted his hearers with his remarks. Mr. Gallagher is an orator with but few equals and a Brainerd audience is always glad to hear him speak. He spoke of the pleasure that it gave him to be in Brainerd again to meet old friends. He stated that he was surprised at the improvements that had been made since he left here a year or two ago and was sure that Brainerd is destined to become a great city.

Prof. Fitch's orchestra had been engaged for the occasion and rendered several very excellent selections. The Aeolian Quartette added to the excellence of the program, and Judge Alderman rendered a solo that was greatly enjoyed.

After the program a social hour was spent and old friends pushed forward to grasp Mr. Gallagher's hand again. The reverend gentleman expects to spend his vacation in this city.

MUSIC AND DRAMA.

"DOWN MOBILE."

Prominent dramatic critics claim that Lincoln J. Carter's thrilling drama, "Down Mobile," which comes to the Brainerd Opera House Wednesday Aug. 20, is the best and most faithful exposition of Southern life produced in recent years. The play, which is in four parts, is the result of months of character study in the south, and the characters depicted have their counterparts today in Alabama. In "Down Mobile" Mr. Carter is said to have not only endeavored to furnish accurate portraits of interesting Southern types, but to have framed his pictures in surrounding calculated to show the best style of the modern scene painter's art. The result is a series of true and realistic representations of the localities in which the incidents of the play occur.

"MC CARTHY'S MISHAPS."

"McCarthy's Mishaps" is a red hot Irish comedy of the right kind. There is real humor in every situation. Barney Ferguson, who stands at the head of the list of Irish comedians, as the luckless McCarthy is extremely funny in the various mishaps to which he falls heir. He creates as much laughter as one could possibly stand in a single evening. His meeting with Miss Primrose, a maiden lady with everything but youth to fascinate, creates amusement and the marriage which eventually takes place is probably the most serious mishap which the unlucky McCarthy stumbles into. The supporting company contains the most prominent vaudeville artists in the country, including Ferguson and Mack, the funniest of all eccentric comedians; Caron and Herbert, the world's greatest comedy acrobats James E. Rome and Marguerite Ferguson, Charlotte Ray, Dick Ferguson and Grace Passmore, the D'Estelle sisters, the Misses Fenie Wheeler, Virginia Logan and a company of 20 people. This great production will be at the opera house, Friday, August 22.

LITTLE ALICE CRANE KILLED.

Daughter of Mr. and Mrs. Maynard Crane, Former Residents of This City Meets Death.

The following account of an appalling accident which occurred at Fisher a few days ago resulting in the death of little Alice Crane, daughter of Mr. and Mrs. Maynard Crane, of Cooperstown, N. D., formerly residents of this city:

"A terrible accident occurred near the town of Fisher, 12 miles west of Crookston, yesterday, whereby little Alice Crane, the 13 year old daughter of Mr. and Mrs. Maynard Crane, of Cooperstown, lost her life.

"The little girl was visiting with the family of Mr. and Mrs. F. R. Parsons of that place, being a particular favorite with the family, and during the day was playing with a small pony—a pet of the family. The pony was temporarily attached to a reaper which was standing in the yard, and during the absence of other attendants, started up and little Alice ran to catch the pony by the head to stop him. In doing so she stumbled and fell and the heavy wheel of the reaper ran over her head, instantly crushing the life out of the little one.

"The accident occurred at about 6 o'clock last evening. The body was at once prepared for shipment to the home in Cooperstown and was brought to Fargo last night and will be taken west this morning. Mr. and Mrs. Parsons, who came with the remains, are nearly heart-broken over the terrible accident, the little girl being a particular favorite with them. Deceased is well known in Fargo, having attended school in this city last winter, boarding with Mrs. McIntyre, and her death will be a terrible shock to a host of friends in this city. The parents of little Alice were communicated with, but the worst was not fully revealed to them, it being thought best to wait until morning to give full particulars. It was one of those terrible accidents for which no blame attaches to any one. A host of friends in Fargo will extend sympathy to the grief-stricken parents in their terrible affliction.

"DOWN MOBILE."
 Prominent dramatic critics claim that Lincoln J. Carter's thrilling drama, "Down Mobile," which comes to the Brainerd Opera House Wednesday Aug. 20, is the best and most faithful exposition of Southern life produced in recent years. The play, which is in four parts, is the result of months of character study in the south, and the characters depicted have their counterparts today in Alabama. In "Down Mobile" Mr. Carter is said to have not only endeavored to furnish accurate portraits of interesting Southern types, but to have framed his pictures in surrounding calculated to show the best style of the modern scene painter's art. The result is a series of true and realistic representations of the localities in which the incidents of the play occur.
"MC CARTHY'S MISHAPS."
 "McCarthy's Mishaps" is a red hot Irish comedy of the right kind. There is real humor in every situation. Barney Ferguson, who stands at the head of the list of Irish comedians, as the luckless McCarthy is extremely funny in the various mishaps to which he falls heir. He creates as much laughter as one could possibly stand in a single evening. His meeting with Miss Primrose, a maiden lady with everything but youth to fascinate, creates amusement and the marriage which eventually takes place is probably the most serious mishap which the unlucky McCarthy stumbles into. The supporting company contains the most prominent vaudeville artists in the country, including Ferguson and Mack, the funniest of all eccentric comedians; Caron and Herbert, the world's greatest comedy acrobats James E. Rome and Marguerite Ferguson, Charlotte Ray, Dick Ferguson and Grace Passmore, the D'Estelle sisters, the Misses Fenie Wheeler, Virginia Logan and a company of 20 people. This great production will be at the opera house, Friday, August 22.

LITTLE ALICE CRANE KILLED.
 Daughter of Mr. and Mrs. Maynard Crane, Former Residents of This City Meets Death.
 The following account of an appalling accident which occurred at Fisher a few days ago resulting in the death of little Alice Crane, daughter of Mr. and Mrs. Maynard Crane, of Coopers-town, N. D., formerly residents of this city:
 "A terrible accident occurred near the town of Fisher, 12 miles west of Crookston, yesterday, whereby little Alice Crane, the 13 year old daughter of Mr. and Mrs. Maynard Crane, of Cooperstown, lost her life.
 "The little girl was visiting with the family of Mr. and Mrs. F. R. Parsons of that place, being a particular favorite with the family, and during the day was playing with a small pony—a pet of the family. The pony was temporarily attached to a reaper which was standing in the yard, and during the absence of other attendants, started up and little Alice ran to catch the pony by the head to stop him. In doing so she stumbled and fell and the heavy wheel of the reaper ran over her head, instantly crushing the life out of the little one.
 "The accident occurred at about 6 o'clock last evening. The body was at once prepared for shipment to the home in Cooperstown and was brought to Fargo last night and will be taken west this morning. Mr. and Mrs. Parsons, who came with the remains, are nearly heart-broken over the terrible accident, the little girl being a particular favorite with them. Deceased is well known in Fargo, having attended school in this city last winter, boarding with Mrs. McIntyre, and her death will be a terrible shock to a host of friends in this city. The parents of little Alice were communicated with, but the worst was not fully revealed to them, it being thought best to wait until morning to give full particulars. It was one of those terrible accidents for which no blame attaches to any one. A host of friends in Fargo will extend sympathy to the grief-stricken parents in their terrible affliction.

MEXICAN TIDAL WAVE

LOWER PORTION OF THE CITY
OF ALTATA IS COMPLETELY
SWEEP AWAY.

THIRTY PERSONS DROWN

That Number Known to Have Perished and the Loss of Life May Be Several Times That Number—Reported That Several Smaller Pacific Coast Towns Have Been Destroyed With Heavy Loss of Life.

Cullacan, Mex., Aug. 16.—The lower portion of the city of Altata on the Pacific coast, just west of Cullacan, has been completely destroyed by a tidal wave and not fewer than thirty people are known to have been drowned. The loss of life may be several times that number.

The property loss is heavy. It is reported that several smaller coast towns, situated above Altata, were completely washed away by the same tidal wave and that the loss of life in these smaller places is very heavy. Relief for the sufferers at Altata will be sent from Cullacan and it is expected that state and federal governments will take prompt action for the destitute.

CANNOT HOLD CONTROL.

Morgan's Shipping Trust Has a Rival in Proposed Canadian Line.

New York, Aug. 16.—Rodman E. Griscom, general manager of the International Navigation company, just returned from Europe and interviewed in Philadelphia on the steamship situation in Europe, had this to say:

"The foreigners and particularly the English people seem to have gotten over the supposed scare which was said to have seized them when the merger was accomplished. At the present time the general public in England is absorbed in the formation of the proposed fast steamship line between England and Canada for which the English government has asked for bids and will grant large subsidies."

The consensus of opinion in England, he said, is that the Canadian Pacific Railroad company, which has put in a bid for the government subsidy to be given to the new Canadian line of steamships, will be awarded the subsidy and will build a new line to run between an English port and Canada.

The terminals of that railroad will then give the company a direct line from Europe to the Orient, the steamships being connected with the railroads at the Atlantic seaboard and at Vancouver with the line of steamships owned by the railroad company which run from that port to China and Japan, with connections to India and Australia.

Mr. Griscom said this will put the new line in competition with the Morgan combine steamship companies which now have through lines from Europe as far as San Francisco, where they connect with the vessels of the Occidental and Oriental Steamship company. Mr. Griscom did not think that this possible competition would work injury to the steamship lines running into New York and Philadelphia which are in the Morgan merger.

UNABLE TO EXPLAIN IT.

Heavy Increase in Insanity Patients in New York City.

New York, Aug. 16.—In the last three days thirty-two persons suffering from mental derangement were admitted to the Bellevue hospital insane pavilion. The usual daily average is less than three. The physicians are unable to account for the increase. They say so far this summer there has been no weather hot enough to send the average above the normal point. They also are puzzled by the fact that twenty-one of the thirty-two patients are women and the further fact that few of those admitted are alcoholic patients.

It is a remarkable fact that the majority of the patients are unusually violent and the attendants have had practically no rest for three nights.

PETER POWER'S MERGER SUIT.

Hearing of the Case Continues Before the Special Examiner.

New York, Aug. 16.—The hearing before Special Examiner Richard A. Mable in the suit of Peter Power against the Northern Pacific railroad directors to prevent them from turning over the stock of the company to the Northern Securities company was continued during the day. Little attention was paid to the Power suit, however, the most of the day being devoted to inquiry into the means whereby plaintiffs were provided in the similar actions against the Great Northern railroad, one of the constituent companies in the merger, which actions were based on the holdings of Mrs. Elsworth Ives Chapman and Milton F. Bouden.

SCORES CANADIAN COURT.

Lawyer Says His Case Has Been Given Little Consideration.

Montreal, Aug. 16.—Donald McMaster, K. C., lawyer for the United States government in the Gaynor-Greene case, and the man who engineered the kidnapping from Quebec, severely denounced the judgment of Judge Caron, and says that it is evident that the claims of the United States government were given little if any consideration.

Serious Riot in Sicily.

Rome, Aug. 16.—A serious peasant riot has occurred at Patagonia, Sicily where great distress prevails. One soldier was killed in an encounter with the rioters and several soldiers and peasants were wounded.

SCHWAB MUST GO.

President of the Billion-Dollar Steel Trust Slated for Retirement.

New York, Aug. 16.—With the homecoming of J. P. Morgan next week the retirement of Charles Schwab, president of the United States Steel corporation, and the election of James Gayley, the present vice president, his successor, will be taken into immediate consideration. The bewildering array of projects which demand the attention of Mr. Morgan and his associates may delay action a few weeks, but just as soon as they can get around to it the change will be made.

Mr. Schwab's ill health is one of the reasons that have brought the management of the billion-dollar trust to the view that a change should be made. His present illness has been more prolonged and more serious, apparently, than any previous attack, not even excepting the seizure he had while abroad, but there are other reasons more potent than his physical condition which suggest that his successor be named.

From the beginning it was patent that the president was not in sympathy with his associates. He was not an old man but he was too old to take up a line of thought entirely new and adapt himself to conditions with which he was wholly unfamiliar. When it came to discussing mechanical details he was at home. When it came to originating or directing commercial operations he was at sea, and so it came about that the executive and administrative work of the aggregated industries fell on other shoulders. So far as known there was no specific agreement entered into with Mr. Carnegie as to how long Schwab was to remain as president. If there was the time limit has expired.

GOING AT TERRIFIC SPEED.

Details of the Killing of Mr. and Mrs. Charles Fair.

Paris, Aug. 16.—The bodies of Mr. and Mrs. Charles Fair, who were killed in an automobile accident near Evreux, were embalmed and placed in coffins pending instructions from the family as to their disposition.

The chauffeur says that before the accident he noticed the tire of the left hind wheel of the machine was deflated and that the rim of the wheel was rubbing on the ground. He told Mr. Fair, who tried to stop, and the accident followed. Peasants who saw the automobile say it was going at such a terrific speed at some points that it was impossible to distinguish its color. The firm that sold Mr. Fair the automobile last June says he paid \$12,000 for it and ordered another at the same price to be of sixty horsepower. The second machine was almost ready for delivery.

Mr. Fair was passionately fond of automobiling and never missed a day on the road. Several times he attempted to beat the one-hour record.

Postoffice Safe Dynamited.

East Palestine, O., Aug. 16.—A gang of robbers dynamited the postoffice safe here and secured \$600 in cash and about \$600 in stamps and stationery. The noise of the explosion aroused the citizens and an exchange of shots took place, but the robbers escaped with their booty.

French Troops Defeat Shans.

Bangkok, Aug. 16.—French troops, after a record journey, have occupied Phrae and it is reported the Shans were defeated with a loss of 200. The danger is believed to be over and the Europeans are unmolested.

BOYS PUBLICLY WHIPPED.

Youthful Burglars Given Twenty-One Lashes at West Superior.

West Superior, Wis., Aug. 15.—A public whipping for burglary was the punishment inflicted upon two boys at the order of Judge Hally, of the municipal court during the day.

Robert and John Scott, thirteen-year-old twins, were the self-confessed burglars who were whipped. They were each given twenty-one lashes on the back, in lieu of a reform school sentence.

By confession and evidence the police claim the youngsters to be guilty of stealing probably hundreds of dollars from ten or twelve houses closed for the summer by the occupants. The boys are the sons of Mrs. John W. Scott, wife of a former mayor of Superior.

Old Indian Fighter Dead.

Homer, Neb., Aug. 16.—Captain Cornelius O'Connor, a resident of Nebraska since 1857, a pioneer steamboat man, died during the day. He was twice a member of the legislature. In 1858 he was commissioned by Territorial Governor Richards to lead the militia for the defense of Northern Nebraska and made a record as an Indian fighter.

Boy Killed by a Train.

Milwaukee, Aug. 16.—While driving over the Mineral street grade crossing, James McKay, aged forty, a fish dealer, was badly hurt and his nephew, Robert Burkhardt, aged seven, was so badly injured that he died in the emergency hospital, by being struck by passenger train No. 105 of the Milwaukee road.

ed. The loss of life may be several
times that number.

The property loss is heavy. It is
reported that several smaller coast
towns, situated above Altata, were
completely washed away by the same
tidal wave and that the loss of life
in these smaller places is very heavy.
Relief for the sufferers at Altata
will be sent from Cullacan and it is
expected that state and federal gov-
ernments will take prompt action for
the destitute.

CANNOT HOLD CONTROL.

Morgan's Shipping Trust Has a Rival
in Proposed Canadian Line.

New York, Aug. 16.—Rodman E.
Griscum, general manager of the In-
ternational Navigation company, just
returned from Europe and interviewed
in Philadelphia on the steamship situ-
ation in Europe, had this to say:
"The foreigners and particularly the
English people seem to have gotten
over the supposed scare which was
said to have seized them when the
merger was accomplished. At the
present time the general public in
England is absorbed in the formation
of the proposed fast steamship line
between England and Canada for which
the English government has asked for
bids and will grant large subsidies."
The consensus of opinion in Eng-
land, he said, is that the Canadian Pa-
cific Railroad company, which has put
in a bid for the government subsidy
to be given to the new Canadian line
of steamships, will be awarded the
subsidy and will build a new line to
run between an English port and Can-
ada.

The terminals of that railroad will
then give the company a direct line
from Europe to the Orient, the steam-
ships being connected with the rail-
roads at the Atlantic seaboard and at
Vancouver with the line of steamships
owned by the railroad company which
run from that port to China and Japan,
with connections to India and Australia.

Mr. Griscum said this will put the
new line in competition with the Mor-
gan combine steamship companies
which now have through lines from
Europe as far as San Francisco, where
they connect with the vessels of the
Occidental and Oriental Steamship
company. Mr. Griscum did not think
that this possible competition would
work injury to the steamship lines
running into New York and Philadel-
phia which are in the Morgan merger.

UNABLE TO EXPLAIN IT.

Heavy Increase in Insanity Patients
in New York City.

New York, Aug. 16.—In the last
three days thirty-two persons suffering
from mental derangement were ad-
mitted to the Bellevue hospital insane
pavilion. The usual daily average is
less than three. The physicians are
unable to account for the increase.
They say so far this summer there has
been no weather hot enough to send
the average above the normal point.
They also are puzzled by the fact that
twenty-one of the thirty-two patients
are women and the further fact that
few of those admitted are alcoholic
patients.

It is a remarkable fact that the ma-
jority of the patients are unusually vi-
olent and the attendants have had
practically no rest for three nights.

PETER POWER'S MERGER SUIT

Hearing of the Case Continues Before
the Special Examiner.

New York, Aug. 16.—The hearing
before Special Examiner Richard A.
Mable in the suit of Peter Power
against the Northern Pacific railroad
directors to prevent them from turn-
ing over the stock of the company to
the Northern Securities company was
continued during the day. Little at-
tention was paid to the Power suit,
however, the most of the day being
devoted to inquiry into the means
whereby plaintiffs were provided in
the similar actions against the Great
Northern railroad, one of the con-
stituent companies in the merger,
which actions were based on the hold-
ings of Mrs. Elsworth Ives Chapman
and Milton F. Bouden.

SCORES CANADIAN COURT.

Lawyer Says His Case Has Been Giv-
en Little Consideration.

Montreal, Aug. 16.—Donald McMas-
ter, K. C., lawyer for the United States
government in the Gaynor-Greene case,
and the man who engineered the kid-
napping from Quebec, severely de-
bunks the judgment of Judge Caron,
and says that it is evident that the
claims of the United States govern-
ment were given little if any consid-
eration.

Serious Riot in Sicily.

Rome, Aug. 16.—A serious peasant
riot has occurred at Patagonia, Sicily,
where great distress prevails. One
soldier was killed in an encounter
with the rioters and several soldiers
and peasants were wounded.

SCHWAB MUST GO.

President of the Billion-Dollar Steel
Trust Slated for Retirement.

New York, Aug. 16.—With the home-
coming of J. P. Morgan next week the
retirement of Charles Schwab, pres-
ident of the United States Steel cor-
poration, and the election of James
Gayley, the present vice president, his
successor, will be taken into im-
mediate consideration. The bewildering
array of projects which demand the at-
tention of Mr. Morgan and his asso-
ciates may delay action a few weeks,
but just as soon as they can get
around to it the change will be made.
Mr. Schwab's ill health is one of the
reasons that have brought the man-
agement of the billion-dollar trust to
the view that a change should be
made. His present illness has been
more prolonged and more serious, ap-
parently, than any previous attack, not
even excepting the seizure he had
while abroad, but there are other re-
asons more potent than his physical
condition which suggest that his suc-
cessor be named.

From the beginning it was patent
that the president was not in sym-
pathy with his associates. He was not
an old man but he was too old to take
up a line of thought entirely new and
adapt himself to conditions with which
he was wholly unfamiliar. When it
came to discussing mechanical details
he was at home. When it came to
originating or directing commercial
operations he was at sea, and so it
came about that the executive and ad-
ministrative work of the aggregated
industries fell on other shoulders. So
far as known there was no specific
agreement entered into with Mr. Car-
negie as to how long Schwab was to
remain as president. If there was the
time limit has expired.

GOING AT TERRIFIC SPEED.

Details of the Killing of Mr. and Mrs.
Charles Fair.

Paris, Aug. 16.—The bodies of Mr.
and Mrs. Charles Fair, who were killed
in an automobile accident near Evre-
aux, were embalmed and placed in
coffins pending instructions from the
family as to their disposition.

The chauffeur says that before the
accident he noticed the tire of the left
hind wheel of the machine was de-
flated and that the rim of the wheel
was rubbing on the ground. He told
Mr. Fair, who tried to stop, and the
accident followed. Peasants who saw
the automobile say it was going at
such a terrific speed at some points
that it was impossible to distinguish
its color. The firm that sold Mr. Fair
the automobile last June says he paid
\$12,000 for it and ordered another at
the same price, to be of sixty horse-
power. The second machine was al-
most ready for delivery.

Mr. Fair was passionately fond of
automobiles and never missed a day
on the road. Several times he at-
tempted to beat the one-hour record.

Postoffice Safe Dynamited.

East Palestine, O., Aug. 16.—A gang
of robbers dynamited the postoffice
safe here and secured \$600 in cash and
about \$600 in stamps and stationery.
The noise of the explosion aroused the
citizens and an exchange of shots
took place, but the robbers escaped
with their booty.

French Troops Defeat Shans.

Bankok, Aug. 16.—French troops,
after a record journey, have occupied
Phrae and it is reported the Shans
were defeated with a loss of 200. The
danger is believed to be over and the
Europeans are unmolested.

BOYS PUBLICLY WHIPPED.

Youthful Burglars Given Twenty-One
Lashes at West Superior.

West Superior, Wis., Aug. 15.—A
public whipping for burglary was the
punishment inflicted upon two boys
at the order of Judge Hally, of the
municipal court during the day.

Robert and John Scott, thirteen-
year-old twins, were the self-confessed
burglars who were whipped. They
were each given twenty-one lashes on
the back, in lieu of a reform school
sentence.

By confession and evidence the po-
lice claim the youngsters to be guilty
of stealing probably hundreds of dol-
lars from ten or twelve houses closed
for the summer by the occupants. The
boys are the sons of Mrs. John W.
Scott, wife of a former mayor of Su-
perior.

Cornelius O'Connor, a resident of Ne-
braska since 1857, a pioneer steam-
boat man, died during the day. He
was twice a member of the legisla-
ture. In 1858 he was commissioned
by Territorial Governor Richards to
lead the militia for the defense of
Northern Nebraska and made a record
as an Indian fighter.
